Issues, Feedback, Suggestions

- ***As always lots of good science could not be supported***
- ***Broad perception that the review was fair & comprehensive***
 - *Despite ~4:1 oversubscription, nominal number complaints*
- ***Merging committee wrestled with large program issue***
 - *science tended to be excellent, but our target (~4) exceeded by ~2x*

Stage-II (Budget Proposal) Submission

- ***Budgets submitted through NSPIRES—2/29 deadline***
 - *Some end-user dissatisfaction with web forms, procedures*
